

Fabric Panel: Custom Order Options

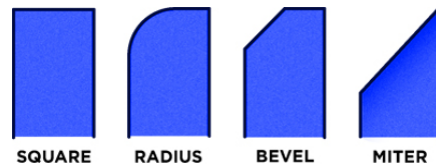

I. Soft Edge Or Hard Edge

Default: Soft Edge. No upcharge.
Upgrade: Hardened Edge. Add \$5 per panel. (Recommended for Gymsnasiums)

II. Edge Profile

Default: Square Edge. No upcharge.
Upgrade: Bevel, Miter or Radius Edge.
Add \$5 per panel

III. Installation Clip Options

NetWell offers three popular clip systems to help with the installation of your upcoming sound panel project.

A. Impaling Clips

Anchor these Clips to your wall.
Apply Silicone Adhesive to the backside of your panels
Press panels to the wall. The teeth of the clips grab the panel.
No additional cost for Impaling Clips.

B. Rotofast Clips

Our most popular mounting technique. A plastic clip system that is super easy to use, and requires no glue. Ideal for any drywall surface, wall or ceiling mount. Add \$5 per panel.

C. Z Clips:

For mechanical wall mounts to brick or block walls.
We will anchor metal clips to the backside of your panels,
and ship separate brackets you will anchor to the wall.
Ideal for brick or block surfaces. Add \$10 per panel.
